

KRIYA YOGA RETREAT IN RISHIKESH 7. –21. th. of OCTOBER WITH BABA AND PER

DEAR KRIYABAN

With the blessings of the Masters, Baba and Per will have a retreat in the Kriya Yoga ashram in Rishikesh.

It will be a structured program with long meditations every day and experiences of Silence. Longer periods with deep meditations are a great inspiration for our daily practice.

According to the tradition, longer periods with deep meditations are recommended to be taken every year.

Deep, silent meditations are the purpose of the ashram in Rishikesh.

Kriyabans are, through their enduring practise, in the position to enjoy infinite space of Silence:

"I am not there, only an unlimited space and the experience."

Whether you belong to this or that part of the tree, has no meaning for the deepest level of life, the level of Babaji. All Kriyabans are invited to experience unity of life, in friendship and love. It will be possible to receive initiation during the retreat.

As in tune with the desire of Babaji, the intention is to have retreats for several weeks in Rishikesh as often as possible. The place is there, to support the natural desire for unification, a life in peace without duality.
